Dr. Joshua Lederberg  
Department of Genetics  
School of Medicine, Stanford University  
Stanford, California 94305

Dear Dr. Lederberg:

Thank you so much for sending us the two clippings from your columns with your note of March 31. We are indeed pleased to have such a constructive article on the Aedes aegypti Eradication Program as you have written. We wish there were more columnists with your broad understanding of the problems involved in Aedes aegypti, vaccinations, quarantine, and eradication programs.

Sincerely yours,

Harry D. Pratt  
Chief, Insect and Rodent Control Branch
